On Thursday 26 May at 10.00pm, Alessandro Martire will offer a concert with his waves piano in Sant Francesc's Plaça de la Constitució.

This young Italian pianist and composer, born in 1992, will play compositions inspired by classical tradition and contemporary elements which he distils into evocative and catchy melodies and harmonies. Martire's music undefinable, so the Consell encourages residents and tourists to see him live.

Admission is free. This event is sponsored by the Formentera Office of Tourism.
