

The Office of Mobility of the Consell de Formentera reports that local motorists attempting to access Ses Salines Park will face controls from Wednesday 10 May. Access to the park will be free for Formentera residents throughout the summer season.

People with reduced mobility, drivers of electric vehicles, pedestrians and cyclists will have free access, while drivers of hybrid vehicles will get in at half fare. "The goal is to promote sustainable mobility in the natural park and avoid situations of saturation in this area of environmental importance and great tourist appeal", said Rafael González, mobility councillor.
