

The Formentera Office of Rural Affairs reminds local wine producers with vineyard rights that they are required to make the declaration of this year's grape harvest before 10 December.

The declaration can be completed between 9.00am and 2.00pm at the Formentera Office of Agriculture, Livestock, Fisheries and Hunting, located at Centre Antoni Tur "Gabrielet". The information will then be sent to the regional government for inclusion on the Wine Production Register.

The FOALFH reminds farmers with fewer than 0.1 hectares and those who use their grapes for juice or consumption are exempt from submitting the declaration. In the Balearic Islands vineyard planting rights are regulated, and if a vineyard's harvests are not declared, it risks being declared abandoned.
