

The Contentious Administrative Court No. 3 of Palma has rejected the appeal filed by the companies Kazan Servicios de Playa SL and Momacar Beach against various agreements by the Consell de Formentera procurement board on local beach services between 2023 and 2028.

The court dismissed both companies' appeal concerning three of the board's assessments of technical offers and two proposed awards, called the actions challenged by the plaintiffs "simple formalities", and shelved the case.
