

The Formentera Office of Culture is pleased to announce that 7 to 19 February, the Sala d'Exposicions "Ajuntament Vell" will host the group exhibition *Els ODS dels Baleàrics*.

This year work will be shown by 18 Mediterranean artists – 17 drew inspiration from the sustainable development goals (*ODS* derives from *objectius de desenvolupament sostenible*), and one, Francesc Ramis, presents a synthesis of all the goals. The goals are part of the 2030 agenda for a better world.

This exhibition is the third in the series *Els Baleàrics*, which is curated by Antonio Torres Martorell and sponsored by the regional ministry of European funding, Universities and Culture and Balearia Foundation. The idea is to disseminate the work of Formentera artists; Enric Riera participated in 2018, Mar Ample joins the initiative in 2022. Featured artists also include Ibiza artists Bonet Vallribera, Julia Fragua and Miguel Ángel García López.

Els ODS dels Baleàrics has already been displayed elsewhere in the Balearic Islands and the Valencian Community. After Formentera, the show will conclude with a stop in Barcelona.

Doors open at 6.00pm on Monday 7 February. The "Ajuntament Vell" gallery is open 11.00am to 2.00pm and 6.00pm to 8.00pm, Monday to Saturday. The gallery closes on Sundays, Monday mornings and holidays.
