

Today Ana Juan, President of the Consell de Formentera, and Joan Francesc Ferrer, of the local chapter of Obra Cultural Balear, signed a deal enshrining the terms of a partnership on culture and heritage between the Consell and OCB in 2022. Susana Labrador, Councillor of Culture, was also present at the signing.

The Consell will collaborate with up to €10,000 for OCB programming, which this year is focused on events like Cultural Spring (*Primavera de Cultura*) and programming around the feast day of Sant Jordi, including presentations of publications, lectures, round tables, poetry readings and more. The OCB will also organise performances by singer-songwriters; publish material to promote cultural initiatives and Formentera's historical and natural heritage, and, given its status as a benchmark cultural entity on the island, serve an advisory and research role that may be entrusted to it.
